NAVIGABLE AIRSPACE DETERMINATION: Meteorological Mast at Hedgehope.

Location: 46 10 44.4 S, 168 32 47.76 E

PURSUANT TO Rule Part 77 of the Civil Aviation Rules I, Nicholas Jackson, Team Leader Aeronautical Services, having received from Hedgehope Wind Limited notification of intention to erect a Meteorological Mast at Hedgehope, reviewed an aeronautical study in consultation with such persons, representatives and organisations as I considered appropriate.

After completing the aeronautical study, I am satisfied that the proposed action, if executed, could constitute a hazard in navigable airspace.

THEREFORE, I HEREBY ISSUE a

DETERMINATION OF HAZARD IN NAVIGABLE AIRSPACE

in respect of the above notification.

The following conditions are specific to this Determination:

1. The Mast to be lit and marked in accordance with CAR Part 77, Appendix B; and
2. The Mast is not to exceed 87m above ground level (AGL); and
3. The Mast is to have marker balls fitted to the outer guy wires; and
4. When a date is known for erecting the Mast, Hedgehope Wind Limited is to contact Aeropath (Quote 2026-02031) to Part77@aeropath.aero and request the Mast is entered into the AIP and Obstacle Data Base; and
5. Hedgehope Wind Limited is to notify Aeropath (Quote 2026-02031) at Part77@aeropath.aero when the Mast is finally lowered and no longer in use and request it be removed from the obstacle database.

This Determination of Hazard shall become final on 14th December 2026.

This Determination of Hazard shall not expire but may be revoked, in writing, by the Director.

Dated at Wellington this 16th day of November 2026.

Nicholas Jackson
Team Leader Aeronautical Services
