

Aviation Security Officer

This position description is designed to give an overview of the type of work and performance required for this role and may include other duties as required.

Who we are as an organisation and what we are about

Everything we do is related to our **vision and purpose** – *a safe and secure aviation system - so people are safe and feel safe, when they fly.*

We will have the following **impacts**:

Being safe – fewer people die or sustain injury while participating in the aviation system.

Feeling safe – people’s choice to participate in the aviation system is not limited by perception of unsafe practices.

Our **pathways** to achieve this are:

Leadership and influence – through regulatory leadership we influence a safe and secure civil aviation system for New Zealand.

Active regulatory stewardship – we monitor and care for the civil aviation regulatory system through our policy and operational activities.

Professional regulatory practice – we act to identify risk and reduce it through intelligence-led intervention.

Scope

Reports to: Team Leader (in Auckland, Wellington, Queenstown and Christchurch) / **Shift Leader** (in Dunedin and Invercargill)

Group: Operations Review

Location: Any airport in New Zealand that AvSec operates from

Role Overview

To ensure correct action is carried out to protect Civil Aviation and prevent and or deal with breaches of aviation security and safety.
