|   |  |    |     |      |    |
| Satisfactory/safe performance at night?   |  | No | Com | ment |    |
| a. On the ground and in the air, read and correctly interpret in timely manner aeronautical charts, including print in various sizes, colours and fonts, symbols, lines and terrain markings. Aeronautical chart reading may be performed under any light condition where the chart would normally be read. |  |    |     |      |    |
| b. On the ground and in the air, read and correctly interpret in timely manner aircraft instrumentation and displays, particularly those with coloured markings, warning lights and coloured displays.  |  |    |     |      |    |
| c. Visually identify in a timely manner on the ground and in the air the location and significance of lights on an airfield or other aircraft. This may include:  |  |    |     |      |    |
| <ol> <li>Identifying the location and direction of travel of other aircraft in the vicinity.</li> <li>Runway approach aids relevant to the type of aircraft.</li> <li>Runway edge.</li> <li>Runway ends.</li> </ol>   |  |    |     |      |    |
| <ul> <li>(5) In runway lights (centreline, touchdown zone, taxiway lead off lights).</li> <li>(6) Taxiways.</li> </ul>  |  |    |     |      |    |
| (7) Holding points. (8) Obstacles. (9) Airport beacons.   |  |    |     |      |    |
| Summary of performance Satisfactory performance in day time operations to allow removal of medical restrictions relating to the carriage of passengers on air transport operations?   |  |    |     | Yes  | No |
| Satisfactory performance in night time operations to allow removal of restrictions concerning night flying?   |  |    |     | Yes  | No |
