

# Part 137 Agricultural Operations Statistics

Operator name  Client number

Reporting Period Year

Period  Jan-Feb-Mar DUE 1 MAY  Apr-May-Jun DUE 1 AUG  Jul-Aug-Sep DUE 1 NOV  Oct-Nov-Dec DUE 1 FEB

**AIRCRAFT CLASS** either:  **Aeroplane**  **Helicopter**

**Important** Select one aircraft class only. If you operate aircraft in both classes please complete two separate forms. If no agricultural operations were conducted during the quarter, indicate NIL on the form and state reasons in the Remarks section.

**Operating zones:**

- Zone 1** North Island, north of line, and including, New Plymouth-Taupo-Gisborne
- Zone 2** North Island, south of line, New Plymouth-Taupo-Gisborne
- Zone 3** South Island, north of line, and including, Hokitika-Christchurch
- Zone 4** South Island, south of line, Hokitika-Christchurch

**AIRCRAFT REGISTRATIONS** used in the report period

For each operation for the dispensing of agricultural chemicals or other substances intended for plant nourishment, soil treatment, propagation of plant life, or pest control:

<b>SOLID PRODUCTS APPLIED</b>	<b>Tonnes</b>	<b>Hectares</b>	<b>Loads</b>	<b>Hours</b>
Phosphate	<input type="text"/>	<input type="text"/>	<input type="text"/>	
Lime	<input type="text"/>	<input type="text"/>	<input type="text"/>	
High Analysis Fertiliser	<input type="text"/>	<input type="text"/>	<input type="text"/>	
Baits	<input type="text"/>	<input type="text"/>	<input type="text"/>	
Other (specify): <input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	
<b>Total Productive</b>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
<b>Total Non-Productive</b>				<input type="text"/>

<b>LIQUID PRODUCTS APPLIED</b>	<b>Kilograms</b>	<b>Hectares</b>	<b>Loads</b>	<b>Hours</b>
Fertilisers	<input type="text"/>	<input type="text"/>	<input type="text"/>	
Fine Particle Suspension	<input type="text"/>	<input type="text"/>	<input type="text"/>	
Agricultural chemicals	<input type="text"/>	<input type="text"/>	<input type="text"/>	
Other (specify): <input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	
<b>Total Productive</b>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
<b>Total Non-Productive</b>				<input type="text"/>

<b>FOR OTHER AGRICULTURAL OPERATIONS:</b>		<b>Hours</b>	<b>Hours</b>
Other agricultural operations			
(specify): <input type="text"/>	<input type="text"/>		<b>Total Productive</b> <input type="text"/>
(specify): <input type="text"/>	<input type="text"/>		<b>Total Non-Productive</b> <input type="text"/>
(specify): <input type="text"/>	<input type="text"/>		
(specify): <input type="text"/>	<input type="text"/>		

**Important** If a detailed breakdown of number of hours flown is not possible, give estimates against each heading and indicate in the remarks section that this has been done.

## REMARKS

## Notes

### ***Confidentiality of statistical reports***

The Authority or any person employed by the Authority shall not communicate to any person outside the Authority any information provided in statistical reports that identifies any individual operator except:

1. With the consent of the operator; or
2. In accordance with Article 67 of the Convention; or
3. Pursuant to a statutory requirement.

### ***Non-Productive***

Include transit and reconnaissance flights, testing and non-productive training.

### ***Liquid Products***

The total weight of product applied includes the solid/ liquid active components and the water component. For many agricultural products which consist of an active substance dissolved in water, the weight of the final product is essentially unchanged from water. In these situations one litre of product can be assumed to weigh 1 kg. If the liquid dispensed is heavier than water, for example slurries or dense particulates, ensure you convert litres to kilograms using the specific gravity (S.G) for the combined product, as used for aircraft weight and balance.

### ***Agricultural chemicals***

Includes insecticides, fungicides, herbicides, etc.

### ***Other agricultural operations***

Includes supply dropping on farms and forests, surveying farms and forests, feeding and transferring livestock, etc.

## Submission Authority

By submitting this form to the CAA you are declaring that you are authorised to do so on behalf of the operator and that the information on the form is accurate to the best of your knowledge. This data will be used as the basis of any Operations Safety Levies.

Name:   
Title:   
Date completed:

### Your contact details (if we have questions):

Name:   
Email address:   
Phone number:

## Who needs to complete this form?

Each holder of an agricultural aircraft operator certificate shall provide data for activity conducted.

## Where does the form need to go?

Once the form is completed please save and close the form before emailing as an attachment to:

[stats@caa.govt.nz](mailto:stats@caa.govt.nz)

If you cannot email it, please print and mail to:

*Safety Data Analyst, Civil Aviation Authority  
P O Box 3555, Wellington 6410*

*If you have questions or concerns,  
please contact CAA on:*

**stats@caa.govt.nz** or  
**04 560 9605**
