

Subpart G – Maintenance**121.415 Maintenance review**

- (a) A holder of an air operator certificate must ensure that—
- (1) an aeroplane is not operated under the authority of the certificate unless a maintenance review for the aeroplane has been carried out within the previous 12 months; and
 - (2) each maintenance review that is carried out is certified in accordance with paragraph (d).
- (b) Except as provided in paragraph (c), the holder of an air operator certificate must ensure that a maintenance review for an aeroplane is not certified as having been carried out unless, since the last maintenance review—
- (1) due maintenance specified in the applicable maintenance programme for the aeroplane has been completed within the time period specified; and
 - (2) every applicable airworthiness directive has been complied with in accordance with the requirements prescribed in Part 39; and
 - (3) every defect entered in the technical log has been rectified or properly deferred in accordance with the procedures in the certificate holder's exposition; and
 - (4) every applicable certification for release-to-service has been made in accordance with Subpart C of Part 43.
- (c) The certificate holder may certify a maintenance review for an aeroplane on the basis of continuing compliance with an internal quality assurance programme acceptable to the Director if—
- (1) the programme samples every requirement of paragraph (b) during the review period; and
 - (2) the maintenance review is individually certified for each of the certificate holder's aeroplanes.
- (d) The certificate holder must ensure that the person who carries out a maintenance review for an aeroplane—
- (1) is authorised by the certificate holder and has experience; that is at least equivalent
